Cookie Policy

This Cookie Policy details the use of browser cookies and local storage technologies on drfitveda.com. It is based on a technical audit of the active Next.js production codebase and aligns with the Information Technology Act, 2000 and the Digital Personal Data Protection Act, 2023.

Advocate Review Checklist (Indian IT & Privacy Regulations): Please confirm our technical assessment that because the platform deploys strictly necessary first-party cookies and zero third-party advertising/tracking cookies, an intrusive consent popup banner is not mandated under Indian law.

1. Zero-Tracking Commitment and Architectural Summary

Dr Fit Veda operates on a strict privacy-first foundation. The platform deploys **only strictly necessary, functional first-party cookies** required to authenticate users, enforce role-based access control, and protect against cross-site request forgery.

Absence of Third-Party Advertising & Behavioural Pixels: We do not deploy third-party advertising networks, behavioural retargeting trackers (e.g., Meta Pixel, Google Ads remarketing), commercial beacons, or browser fingerprinting scripts. Because functional security cookies do not track user behaviour across external websites and are essential to deliver requested digital services, a separate cookie consent banner is not mandated under Indian privacy and IT regulations.

2. Complete Inventory of Active Cookies

Cookie Identifier	Technical Purpose	Classification	Duration	Issuer
`drf_session`	Maintains encrypted session state, verifies authenticated user role (customer, doctor, trainer, admin), and protects against session hijacking. Configured with `HttpOnly`, `Secure`, and `SameSite=Lax` flags.	Strictly Necessary	7 Days	Dr Fit Veda (First-Party)
`sb-*-auth-token`	Manages secure authentication handshakes and token refresh cycles with the Supabase database instance.	Strictly Necessary	Session / Refresh cycle	Dr Fit Veda / Supabase

3. Self-Hosted Static Assets and Third-Party IP Isolation

To eliminate passive tracking and IP address leakage, all web typography (Nunito Sans) is self-hosted directly from our first-party origin (`/fonts/`). No connections are established with Google Fonts servers. All UI icons, sample video demonstrations, and SVG assets are served directly from our origin server.

When a customer joins an encrypted teleconsultation or live training session via Zoho Meeting, the connection is handed off to Zoho's video bridge, whereupon Zoho's independent security policies govern the real-time media transmission.

4. Browser Management and Deletion

Users can inspect, delete, or block cookies through browser preferences. However, disabling strictly necessary cookies will inhibit user login and prevent access to the authenticated customer and professional dashboards.

Cancellation & Non-Refund Policy

This Cancellation & Non-Refund Policy sets forth the commercial terms and conditions governing digital membership subscriptions and standalone clinical/wellness consultations offered on drfitveda.com. All purchases are strictly non-refundable, as set forth herein, pursuant to the Indian Contract Act, 1872 and the Consumer Protection (E-Commerce) Rules, 2020.

Advocate Review Checklist (Indian Consumer Protection & E-Commerce Law): Please confirm that our strict non-refundable policy is legally compliant under Indian law when clearly and conspicuously disclosed prior to payment, and approve the removal/redefinition of any conflicting promotional claims (e.g., "100% Satisfaction Guarantee") to prevent exposure under the Consumer Protection Act, 2019.

1. Strictly Non-Refundable Commercial Policy

Dr Fit Veda delivers personalized lifestyle modification regimens, multi-disciplinary professional care (doctors, nutritionists, yoga therapists, fitness coaches), and dedicated consultation slots. Due to the customized allocation of professional time, proprietary diet plans, and infrastructure resources upon subscription:

MANDATORY NON-REFUNDABLE NOTICE: All subscription fees, membership packages, and consultation fees paid to Dr Fit Veda are **strictly non-refundable and non-transferable under any circumstances** once the transaction is completed. By making a payment, you expressly acknowledge and agree that no refunds, credits, or chargebacks will be issued for partially used, unused, or abandoned subscriptions.

2. Standalone Consultations: Rescheduling vs. Monetary Refund

- **Rescheduling Guidelines:** Clients may reschedule an upcoming scheduled consultation (Yoga Doctor, PCOD Specialist, Wellness Doctor) without penalty by providing at least **24 hours' prior written notice** via the client dashboard or email to **care@drfitveda.com**. The booking credit will be transferred to a mutually agreeable available slot.
- **Late Cancellations & No-Shows:** Cancellations made with less than 24 hours' notice, or failure to attend a scheduled video session ("no-show"), will result in immediate forfeiture of the consultation session with **zero monetary refund or credit**.
- **Cancellations Initiated by Dr Fit Veda:** In the rare event that an assigned healthcare professional is unavailable due to sudden illness, technical emergency, or outage, Dr Fit Veda will provide an expedited rescheduled slot at the client's earliest convenience.

3. Sole Technical Exceptions to Non-Refundable Rule

In compliance with statutory electronic transaction guidelines, monetary refunds are disbursed strictly and solely under the following verified technical anomalies:

- **Duplicate / Erroneous Billing:** Where a verified technical glitch causes multiple identical charges for a single order transaction.
- **Payment Gateway Deduction without Service Creation:** Where funds are debited from the client's bank account / card / UPI, but technical failure prevents user account creation or service activation on Dr Fit Veda.

In such instances, verified duplicate or un-activated debits will be reversed to the original payment instrument within **5 to 7 business days** via our RBI-licensed payment gateway.

4. Mid-Term Discontinuation and Account Termination

Clients may discontinue participation in a wellness programme at any time. However, voluntary mid-term discontinuation, relocation, change of personal schedule, or unilateral cessation of adherence does not entitle the client to any pro-rata refund or monetary reimbursement for the remaining contract duration.

5. Promotional Claims and Satisfaction Warranties (Consumer Protection Act)

Dr Fit Veda delivers doctor-guided lifestyle guidance. Because biological outcomes, metabolic responses, and weight changes depend substantially on individual genetics, underlying pathologies, and daily adherence, **Dr Fit Veda does not guarantee specific clinical or weight-loss results**. Any promotional marketing reference to a "Satisfaction Guarantee" refers exclusively to our professional commitment to deliver scheduled consultations and customized regimens, and does **not** confer any contractual right to a monetary refund.

6. Grievance Redressal and Contact

For any billing disputes or payment verification inquiries, write to **care@drfitveda.com**. Unresolved billing discrepancies may be escalated to our statutory Grievance Officer: **[CONFIRM: grievance@drfitveda.com]**.
